

# **Town Hall - Ordinances**

## **WATER**

ORDINANCE 2004-1  
REPLACING THE FOLLOWING: RESOLUTION 83 AND 95-B  
ORDINANCE 98-2; AMENDED ORDINANCE 98-2

It is hereby ORDAINED by the Town Council of Camden, Indiana that the following regulations shall apply with respect to the filling of swimming pools, to-wit:

- (1) A pool may have an initial fill resulting in the customer being billed at the current water rate for only the water used. There shall be no sewage charge on this one-time initial fill.
- (2) This first fill may be from a fire truck, if allowed by the fire department, or thru a metered source. If this first fill is thru the fire truck the amount of water used shall be monitored by a water employee. The employee will be given the amount of gallons of water the pool holds or the pool's dimensions. The water department is to be notified before filling the pool and after the filling has been complete. If this first fill is through a metered source, the water department is to be notified before the filling begins and again when the filling is complete to allow the department to read the water meter to determine gallons used for the sole purpose of filling the pool.
- (3) The water department is have twenty-four (24) hours notice before filling to allow for scheduling of the reading and is to be notified immediately after the filling is complete.
- (4) Following the one-time initial fill, any water added to a pool or any pool refill shall be the sole responsibility of the pool owner and the filling shall be made from a metered source. The owner of the pool or the person thru whose meter the water has passed shall be billed at the current rate for water and sewage.

- (5) This ordinance replaces any ordinances or resolutions previously passed relating to the filling of pools, all of which Ordinances or Resolutions are hereby repealed.

IN WITNESS WHEREOF the Town Council of Camden has set its hand the 13<sup>th</sup> day of April, 2004.
